- *The expansion from 7 to 20 SkyOrb cabins on the Mount Faber Line underscores Mount Faber Leisure Group's commitment to innovation and future-ready tourism*
- *Enjoy a limited-time online-exclusive SkyOrb Cabin round-trip for 2 pax at \$60*

SINGAPORE, 7 October 2025 – Mount Faber Leisure Group (MFLG) today announced the addition of **13 new SkyOrb cabins** to the Singapore Cable Car's Mount Faber Line, bringing the fleet to twenty from mid November 2025. The expansion builds on the strong reception of the initial seven cabins, making the SkyOrb cabin experience accessible to more guests.

As part of Mount Faber Leisure Group's vision to deliver future-ready tourism attractions that elevate experiential travel, the expanded fleet now offers a full round-trip experience on the Mount Faber Line, which connects mainland Singapore to the resort island of Sentosa. This upgrade replaces the previous one-way ride and significantly increases the line's capacity.

SkyOrb Cabin – The World's First

First unveiled in March 2024, the SkyOrb Cabin is the world's first chrome-finished spherical cable car cabin. With the Singapore Cable Car first introduced in 1974, these new fifth-generation cabins, designed in Olten, Switzerland, feature illuminated rings on both sides, creating a futuristic chrome look that has become a striking addition to Singapore's skyline.

Breaking away from conventional cabin design, the SkyOrb cabin's distinctive spherical form offers a bold, futuristic look. Each cabin is fitted with glass floors, providing guests with a clear view of the scenery beneath their feet and a panoramic perspective of the skyline. For added comfort, the cabins are also designed with double louvred windows at the front and triple louvred windows at the rear, providing improved air ventilation throughout the journey on Mount Faber Line from Mount Faber Station to Sentosa Station.

Strategic Expansion Upon Strong Reception

Since the debut of the first seven cabins in March 2024 to mark Singapore Cable Car's 50th anniversary, the SkyOrb cabins have received a strong reception for their innovation. Expanding to twenty cabins — a nearly threefold increase in fleet size — reflects the strong demand and underscores Mount Faber Leisure Group's broader commitment to refreshing its offerings, adapting to evolving guest preferences and driving innovation across its portfolio. With the expanded SkyOrb cabin fleet, Singapore Cable Car strengthens its position as an attraction of choice for both local residents and international visitors seeking memorable, world-class experiences.

"The expansion of the SkyOrb cabin fleet is part of Mount Faber Leisure Group's commitment to refreshing our attractions and enhancing the visitor experience, in line with the wider transformation taking place across the Greater Southern Waterfront. By tripling our fleet, we are able to welcome more guests to the SkyOrb cabin experience, while continuing to contribute to the future of Singapore's tourism," said Buhdy Bok, Managing Director, Mount Faber Leisure Group.

\$60 SkyOrb Promotion for Two

From 6 October to 5 November 2025, the Singapore Cable Car will offer a limited-time online exclusive promotion of **\$60 for 2 pax for a Round Trip in the SkyOrb Cabin on Mount Faber Line** (U.P. \$96 for 2 pax, round trip). Launched in celebration of SG60, the promotion is available exclusively through Mount Faber Leisure Group's official [website](#).
